POLICY ON RECOGNITION OF PCN AEROSPACE CERTIFICATES FOR NDT PERSONNEL OPERATING UNDER EASA PART 145

In accordance with the requirements within EN 4179, the NANDTB is entitled to recognise equivalency, and in this regard the UK National Aerospace NDT Board has agreed to recognise that the PCN/AERO will be recognised by the Board as satisfying the qualification requirements of EN 4179. This includes PCN Aero examinations conducted at overseas PCN aerospace approved AQB's (Authorised Qualifying Bodies).

It remains the responsibility of the Nominated Level 3 (as defined in the UK CAA Generic Requirement number 23) to determine whether additional job-specific training and examination, covering the NDT processes and products utilised by the employer, is required.

Signed for the Board

Kevin Pickup
Chairman of the NAndtB

Revision History

Owner	Issue	Change Summary	Date of publication	Scheduled Review Date
NANDTB	1	Initial publication		
NANDTB	1 rev A	Changing name of document to include EASA Part 145	22/02/2006	
NANDTB	1 rev B	No track changes	01/04/2010
