

NDT and SHM Solutions for Aerospace Composites

8 April 2019

National Composites Centre, Bristol, UK

Details of the workshop

This workshop, organised by the Aerospace Committee of BINDT, will present the current research and developments in NDT and SHM for aerospace composites that are being undertaken to support their introduction and use in the aerospace sector.

This workshop aims to review progress towards meeting the NDT and SHM requirements as defined at the 2016 workshop on aerospace composites. This will cover NDT research applicable at the design stage, in process verification and towards better-informed concession decisions; all areas that were identified which could provide significant benefit for aerospace composites.

For registration, please complete the form and send to the address below.

Conferences and Events Department, BINDT, Midsummer House, Riverside Way, Bedford Road, Northampton NN1 5NX, UK. Tel: +44 (0)1604 438300; Fax: +44 (0)1604 438301; Email: conf@bindt.org
