NDT News is a monthly compact-newspaper-style publication aimed at non-destructive testing technicians and inspection, condition monitoring and quality practitioners.

It incorporates the Branch bulletin of the British Institute of NDT, which was formerly a supplement known as NDT NEWS, and NewsLink, the newsletter of the International Association of Quality Practitioners (the IAQP).

Each month it is circulated free to BINDT and IAQP members – approximately 2500 in total – and each quarter (in the months of March, June, September and December) it is in addition circulated to all PCN certificate holders – around an additional 15,000.

NDT News thus forms a very attractive vehicle for advertisers and communicators who wish to penetrate this vital sector. Advertising reservations and editorial contributions are welcome. Please turn the page for advertising rates and further details.
