

Joining technologies and the challenges they present to the inspection community

The British Institute of Non-Destructive Testing

Aerospace Event 2017

Cambridge, 25-26 April

2017

The BINDT Aerospace Event 2017, TWI Ltd, Cambridge, UK

Following the success of the 2015 Aerospace Event in Sheffield, the BINDT Aerospace and Composites Groups are continuing with their biennial Aerospace Event in April 2017 at TWI Ltd, in Cambridge, UK.

The theme of the 2017 Aerospace Event will be 'Joining technologies and the challenges they present to the inspection community'. There will also be a tour of the new TWI facilities in Cambridge, where delegates will have the opportunity to witness first-hand some of the technologies presented, both in terms of manufacture and inspection.

£135.00 + VAT

Discount: BINDT Members*

– £10.00 per day

Discount: NDT Level 2s*

– £30.00 per day

*Only one discount will apply

Day 1: Tuesday 25 April 2017

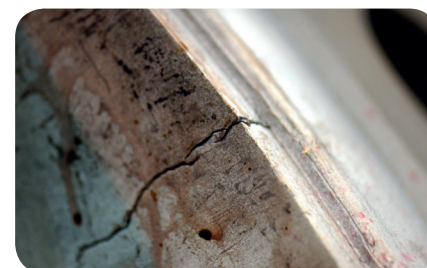

The first day will be hosted by the Aerospace Group and will focus mainly on metallic technologies, such as friction stir welding, the advantages it offers over conventional welding and the challenges it presents for inspection of the resultant product.

Plus a tour of the new TWI facilities in Cambridge.

Day 2: Wednesday 26 April 2017

The second day will be hosted by the Composites Group and will focus on the non-metallic composite materials used in the aerospace, automotive, marine, civil and pipeline engineering sectors for primary production as well as retrospective repairs and upgrades.

Plus much more...
