

# Condition Monitoring Apprenticeships

**Wednesday 26 June 2019 from 10h00-12h30 and 14h30-17h00**

**The Principal Grand Central Hotel, Glasgow, UK**

Following the very successful introduction of three NDT apprenticeships, the Institute of Apprenticeships (IfA) has given its consent for the development of a condition monitoring (CM) apprenticeship.

The development of apprenticeships is employer led, that is to say, employers decide what knowledge, skills and behaviours (KSBs) are included in the apprenticeship.

## Establishing an employer group

Roger Lyon, Project Manager, Apprenticeships, BINDT, will deliver a presentation on the CM apprenticeship at the Sixteenth International Conference on Condition Monitoring and Asset Management (CM2019), to be held in The Principal Grand Central Hotel, Glasgow, UK, from 10h00-12h30 and 14h30-17h00.

Large and SME employers, training providers and CM professionals from industry and academia should come along and hear how they can benefit from taking on apprentices, upskilling existing staff, gain qualifications and certification and benefit from government funding.

*Who should benefit from your apprenticeship levy, the government or employers?  
– Employers, it makes sense!*

## Employer benefits

By being involved in the development of the CM apprenticeship, employers will benefit from participating with other senior colleagues in the CM industry sector, creating a skilled workforce within their own organisation, boosting staff retention and employee engagement, as well as providing instant access to the apprenticeship scheme and government funding.

## Key considerations

- Occupational profile
- Entry requirements
- Knowledge
- Skills
- Behaviours
- Qualifications
- Professional recognition.

**Register today!**  
[www.bindt.org](http://www.bindt.org)

**Attendance is FREE!**

Access to the CM2019 Exhibition, as well as lunch, tea and coffee are included.

**Come along to CM2019 and hear it from the experts**

*For registration, please complete the following form and send it to the address below.*
