

Non-Destructive Technologies (NDT) Apprenticeships: BINDT End-Point Assessment Package

www.bindt.org/apprenticeships

Why choose BINDT as your End-Point Assessor?

BINDT has developed an effective apprenticeship end-point assessment process that provides transparency and assures seamless execution of this final important stage of your apprenticeship. BINDT, as the end-point assessor, will utilise the years of experience and expertise built up in its volunteer assessors and staff to ensure your future employers can have the utmost confidence in the result. All you and your employer need to do is direct your apprenticeship provider to appoint BINDT as your preferred end-point assessor to gain the benefits outlined below.

What is included in the package?

Benefits	
Immediate free Affiliate membership of BINDT to secure access to storage of CPD activities online	✓
Access to apprenticeship guidance documents – document download	✓
Electronic transfer of completed portfolio via ACE 360	✓
End-point assessment by NDT professionals	✓
Portfolio review and advice, as required	✓
Professional discussion interview	✓
Quick turnaround of results	✓
Provision of the apprenticeship certificate	✓
Optional presentation of BINDT certificate by the President of BINDT on the last day of the annual conference	✓
Optional BINDT Associate membership on completion (free of charge for the first year)	✓
Possible nomination for the BINDT Apprentice of the Year Award	✓
Optional Engineering Council Registration on successful competency matching (free of charge for the first year)	✓

To make it more convenient all end-point assessments are carried out remotely.
