

Materials Testing 2019

3-5 September 2019 | The International Centre, Telford, UK

The place to meet and do business

Practical demonstrations

Tuesday 3 September		
	Work Bench 1	Work Bench 2
11h00-11h45	Pipe corrosion mapping with MFL <i>S Kenny</i> <i>Eddyfi Technologies, UK</i>	Demonstration of NDE UT: a virtual teaching tool <i>L Grand</i> <i>Extende SA, France</i>
11h45-12h30	Phase check portable eddy current and C-scan data capture – a first! <i>N Fernandez</i> <i>ETher NDE, UK</i>	Title to be confirmed <i>P Rogger</i> <i>JR Technology Ltd, UK</i>
14h30-15h15	The modular Proceq UT8000: assemble the device to best suit your application <i>C Udell</i> <i>Proceq UK Ltd</i>	Use of TKY overlay in UT <i>H Brittin</i> <i>Sonatest Ltd, UK</i>
15h15-16h00	Bond testing with the new multi mode bond check <i>P Burrows</i> <i>Baugh & Weedon, UK</i>	Practical examples of DICONDE tagging with INDUSTREX <i>D Mapletoft and P Brunnengraeber</i> <i>Carestream, UK</i>
Wednesday 4 September		
	Work Bench 1	Work Bench 2
09h50-10h35	Using the Proceq UT8000 for full data traceability <i>C Udell</i> <i>Proceq UK Ltd</i>	Use of TKY overlay in UT <i>H Brittin</i> <i>Sonatest Ltd, UK</i>
11h10-11h55	High temperature and extreme environment inspection and monitoring <i>T Stevenson</i> <i>Ionix Advanced Technologies Ltd, UK</i>	Train NDT demonstration of an innovative training method whereby an unlimited number of samples with various flaws can be super-imposed onto one mock sample <i>L Zhao and W Guo</i> <i>TWI Ltd, UK</i>
14h45-15h30	Bond testing with the new multi-mode bond check <i>P Burrows</i> <i>Baugh & Weedon, UK</i>	Practical examples of DICONDE tagging with INDUSTREX <i>D Mapletoft and P Brunnengraeber</i> <i>Carestream, UK</i>
15h30-16h15	Weld inspection with handheld flexible eddy current array <i>P Hillman</i> <i>Zetec Inc, UK</i>	The next step in ACFM evolution <i>Dr M Smith</i> <i>Eddyfi Technologies, UK</i>
Thursday 5 September		
	Work Bench 1	Work Bench 2
09h30-10h15	Pipe corrosion mapping with MFL <i>S Kenny</i> <i>Eddyfi Technologies, UK</i>	Demonstration of NDE UT: a virtual teaching tool <i>L Grand</i> <i>Extende SA, France</i>
10h15-11h00	High temperature and extreme environment inspection and monitoring <i>T Stevenson</i> <i>Ionix Advanced Technologies Ltd, UK</i>	Train NDT demonstration of an innovative training method whereby an unlimited number of samples with various flaws can be super-imposed onto one mock sample <i>L Zhao and W Guo</i> <i>TWI Ltd, UK</i>
12h00-12h45	Phase check portable eddy current and C-scan data capture – a first! <i>G Cheyne</i> <i>ETher NDE, UK</i>	Title to be confirmed <i>P Rogger</i> <i>JR Technology Ltd, UK</i>

All presentations are aimed to meet the Level 2 technical syllabus content. CPD points awarded.

Organised by the British Institute of Non-Destructive Testing
Midsummer House, Riverside Way, Bedford Road, Northampton NN1 5NX, UK.
