Record of Suggested Changes to EN4179:2017

EN4179:2017 Section Reference	Identified Change that needs to be Considered as part of Next Revision	Justification for identified Change
7.1.2	Define minimum requirement for Basic examination, e.g. Minimum 70 questions covering 7 methods, minimum 5 questions per NDT method	Standardisation
8.6	Can the annual maintenance check be used in lieu of 5 year recertification	Reduced recertification requirements at an increased frequency
5.1.5	5.1.5 and 7.1.2 clarification required as to methods covered in basic exam	Clarification
5.1	The adoption of Level 2 Limited	Already adopted by the UK
8.6	The annual maintenance needs to be more clearly defined as to what this will comprise	Lack of standardisation
7.1.1	Standardised on the use of tumbling E test only	Standardisation
6	Consider competency based training assessment program in lieu of experience hours	Improvement
7	Examination after formal training	Clarification
7	Recognition of previous examinations administered by a previous employer	Improvement
5.1	More clearly define intended requirement	Clarification
