

The Scottish Branch of the British Institute of Non-Destructive Testing

NDT solutions for renewable energy workshop

Friday 27 January 2023 at the Lynnhurst Hotel, Glasgow, UK

This one-day seminar, taking place from 10h30-15h30 at the Lynnhurst Hotel on Friday 27 January 2023, will include six technical presentations that will bring together experts and researchers in NDT solutions with the renewable energy sector and in particular, provide a forum for NDT specialists working in industry to bring their perspectives on current solutions and future developments. There will also be equipment manufacturers/suppliers present for demonstrations and a real hands-on experience.

The Lynnhurst Hotel is ideally placed in Johnstone, which is just 10 miles from Glasgow Airport. Glasgow City Centre is within easy reach and Johnstone railway station is just a few hundred metres away

A **table-top exhibition** will run in parallel with the workshop, which delegates can visit during the tea/coffee and lunch breaks.

In the evening, following a networking period, the venue will host the **Annual Burns Supper**, a celebration of the life and works of Robert Burns, with music, songs and dancing.

To register for this event, please complete the registration form below and return by email to: conf@bindt.org (an additional charge of £40.00 + VAT per head applies for the Burns Supper).
