

PCN Inspection Engineer Examinations are conducted in accordance with PCN/ENG/GEN and takes into consideration the contents of UKAS documents RG0 and RG2.

The PCN/ENG scheme provides training, qualification examinations and certification for inspection engineering of pressure systems. Examinations and certification are conducted and awarded in accordance with the version of PCN/ENG/GEN that is current at the time of examination. The PCN/ENG scheme takes into consideration the content of UKAS documents RG0 and RG2. The content of the examinations is based upon the requirements of PCN/ENG/GEN and the training syllabi detailed therein.
