

ACCREDITED TRAINING ESTABLISHMENTS
Validated Courses Available
PART I

ISSUE NO	58
DATE	24 November 2009
REF	ACC-LIST

All courses listed below are approved as suitable preparation for the corresponding PCN examinations.

Note: Courses validated as suitable pre-approval training for PCN examinations also broadly satisfy the General Theory and Product Technology requirements of employer-based schemes (e.g. MIL STD 410 and SNT TC 1A). Any course offered under a company-based certification scheme must also satisfy the requirements of the employer's written practice and training programme. It is the employer's responsibility that any necessary company specific training that would fall outside the validated course syllabus and content is adequately addressed. Condition Monitoring courses are in accordance with ISO18436 and CMGEN.

a – X-Ray only
b – Dense metals only
c – Ultrasonic testing of railway axles
d – Ultrasonic testing of railway axles (solid or hollow)
e – Single frequency eddy current testing of welds
f – ACFM
g – Tube Testing
r – Rail

RT – Radiographic testing
MT – Magnetic particle testing
RI – Radiographic interpretation
ET – Eddy current testing
UT – Ultrasonic testing
VT – Visual testing
PT – Penetrant testing
WI – Weld Inspector
IRT – Infrared thermography

VA – Vibration analysis
AE – Acoustic emission
LM – Lubrication monitoring

Product Sector

G General
W Welds
C Castings
F Forgings
P Wrought Plate
A Aerospace

Numbers in bold type indicate the certification level at which the course (s) are aligned.

Letter(s) in brackets indicate the product sector to which each course is aligned.

PART II

Courses listed below have been independently validated as meeting specific criteria (generally outside the scope of PCN). Note: Courses listed below have been designed to meet specific industrial requirements as defined by the course title. Each course is available only at the stated training establishment. Individuals and employers are advised to study in detail the course content to ensure that it adequately meets their requirements.

Part III

Historically, a number of Accredited Training Establishments have offered level 3 training courses. By definition, these courses must be tailored to meet the needs of individual candidates.

The following organisations have been recognised by BINDT as providers of individually designed level 3 training packages.

Lavender International NDT
Unit 7
Penistone Station
Sheffield
S36 6HP
Tel: 01226 765769
Contact: S Lavender
Email: Nicola@lavender-ndt.com

Argyll Ruane
Meadowbank Road
Rotherham
South Yorks
S61 2NF
Tel: 01709 560459
Contact: M Dawson
Email: enquiries@ruanetpo.com

South West School of NDT
Croescadarn Close
Pentwyn
Cardiff
CF23 8HF
Tel: 02920 540000
Contact: G Brett
Email: training@minton.co.uk

African NDT Centre (Pty) Ltd
PO Box 68253, Highveld, Centurion,
Pretoria, South Africa
