### Applications

#### How long does it take to process my application?

The Certification Services Division (CSD) has up to 14 working days to begin the processing of any application from the date it has been submitted.

#### What is the cost of an application for experience gained?

Document PSL/35 lists all PCN Scheme charges for certification services and can be found on the BINDT website at: [www.bindt.org/downloads/PSL35.pdf](http://www.bindt.org/downloads/PSL35.pdf)

The fee listed in document PSL/35 as 'Administration and certification fee' is the correct administration charge.

#### Why have I received a PSL/57C form?

You will receive a PSL/57C application form from the Certification Services Division (CSD) if you have taken a PCN examination without the correct amount of experience to hold the qualification; this is advised by the amount of experience stated on the PSL/57A application for initial examination completed when booking your examination.

#### What is the fee for submitting a PSL/57C application form?

Document PSL/35 lists all PCN Scheme charges for certification services and can be found on the BINDT website at: [www.bindt.org/downloads/PSL35.pdf](http://www.bindt.org/downloads/PSL35.pdf)

The fee listed on document PSL/35 as 'Administrative and certification fee (PSL/57) (following review of experience gained subsequent to examination)' is the correct administration charge; this is separate to the PCN exam levy.

#### I have gone past the two-year date to submit my log of experience gained; can I still submit this application?

The Certification Services Division (CSD) does not accept any applications for experience gained submitted beyond the two-year expiry date. If you still wish to gain this qualification, you will need to sit the initial examination again.

### Certificates and renewals

#### What is the cost of an application for renewal?

Document PSL/35 lists all PCN Scheme charges for certification services and can be found on the BINDT website at: [www.bindt.org/downloads/PSL35.pdf](http://www.bindt.org/downloads/PSL35.pdf)

The fee listed in document PSL/35 as 'Certificate renewal without examination' is the correct administration charge.

#### How soon can I renew my qualification?

Qualifications can be renewed no sooner than six months prior to the expiry date and no later than six weeks prior to the expiry date by completing the appropriate form (PSL/57B, CP16, CP17 and/or CP17A) for your qualification level.

Once you are within six weeks of the expiry date, completion of a PSL/28 form and the deferred approval fee detailed in document PSL/35 will be required. You will then be required to sit a recertification exam. An application for renewal using a CP16, CP17 and/or CP17A form will not be accepted if submitted within the six week period prior to the expiry date. A PSL/57B will not be accepted by the PCN AQB within the six weeks prior without a copy of your PSL/28 approval letter.

#### What does the 'D' stand for on my certificate?

The 'D' stands for 'distinction'. This means that you passed the examination at an 80% pass mark or higher.

#### Why did I not receive a 'D' on my RPS, BRS, CDS, WI or ISO 20807 qualifications?

RPS, BRS and CDS have always had a pass mark of 70%; therefore, the distinction grade does not apply.

WI and ISO 20807 do not comply with ISO 9712; therefore, the distinction grade does not apply.

#### What qualifications cannot be renewed via paperwork (CP16, PSL/57WIR etc)?

RPS, BRS and CDS are always initial examinations; these cannot be deferred or renewed via paperwork.
