THE BRITISH INSTITUTE OF
NON-DESTRUCTIVE TESTING

PCN/GEN Appendix C0 (issue dated 2009-04-02)

CERTIFICATION OF COMPETENCE FOR PERSONNEL ENGAGED IN THE APPLICATION OF NON-DESTRUCTIVE TESTING IN THE WELDING SECTOR

This Appendix to PCN general requirements covers the certification of personnel applying non-destructive testing to welded fabrications. All certification issued for this sector allows a presumption of conformity with the Pressure Equipment Directive (97/23/EC).

The documents referenced below are supplementary to, and amplify the provisions of PCN General Requirements for the Certification of Personnel engaged in Non-Destructive Testing, as amended from time to time.

Any person requiring information concerning the content of PCN documents should address queries to the PCN Scheme Manager at the above address.

APPENDIX C COVERS:

- Appendix C1 Ultrasonic Testing
- Appendix C2 Radiographic Testing
- Appendix C3 Electromagnetic Testing, comprising:
 - C3A Eddy Current Testing
 - C3B Alternating Current Field Measurement
- Appendix C4 Ultrasonic Time of Flight Diffraction

N.B. Radiation safety, and magnetic particle, liquid penetrant and visual testing of welds, is covered by documents contained in PCN/GEN Appendix E.

The British Institute of Non-Destructive Testing is an accredited certification body offering personnel and quality management systems assessment and certification against criteria set out in international and European standards through the PCN Certification Scheme.
